We Believe Survivors

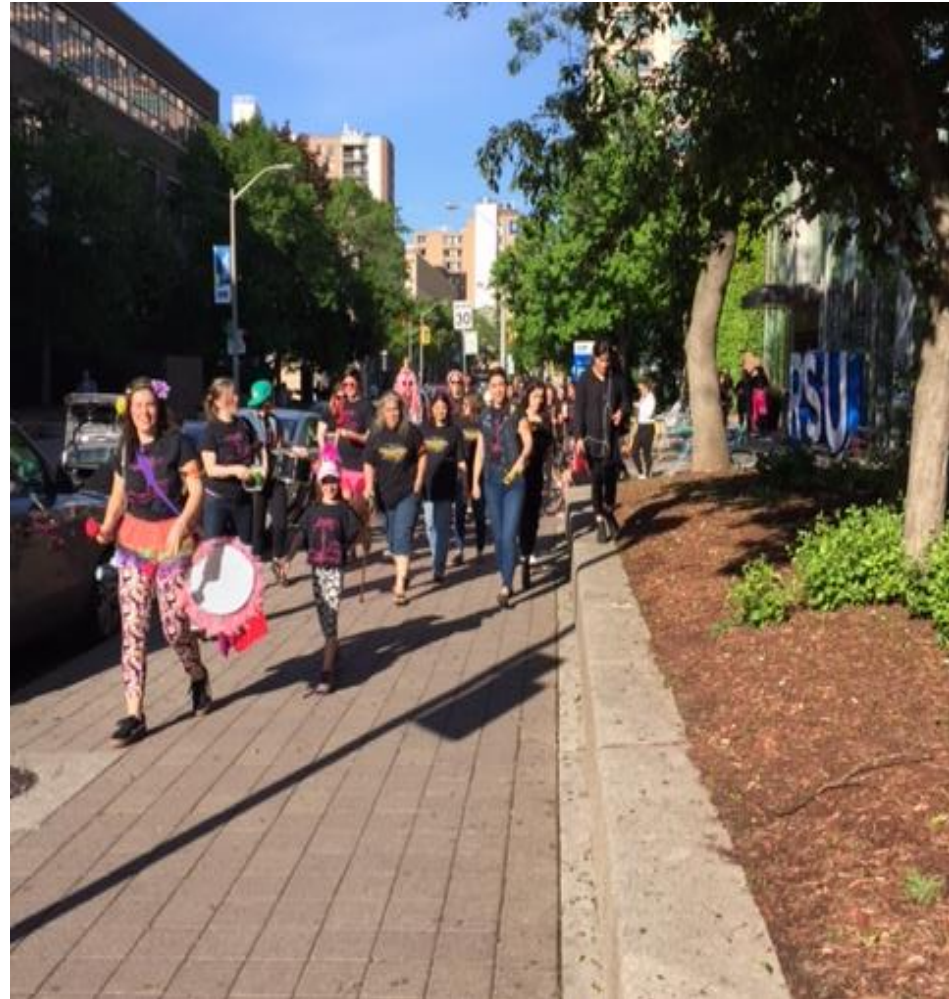

- With a population of 2.8 million, we work hard to ensure that survivors of sexual violence in the city of Toronto have a safe space to heal. There is a need from all those impacted by sexual violence for access to our services, as they begin to break the silence around sexual violence.

For the past 43 years the Centre has gone through many changes, new homes, staff and many collective board member had support our work. **WE** as a survivor led organization continue to build strength and resiliency in our communities, by standing together one day **WE** will live in a world free of sexual violence

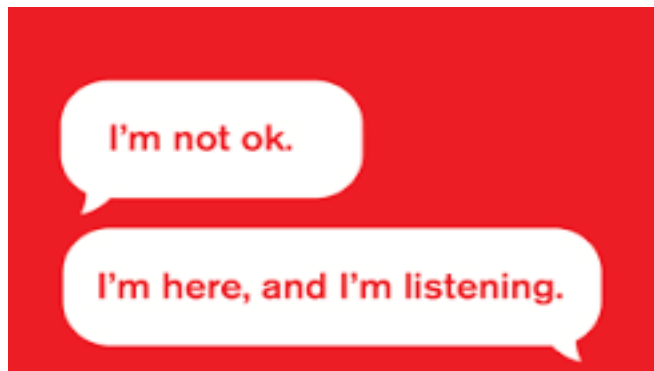

OUR AMAZING VOLUNTEERS

Crisis Line, Face to Face, Front Desk and community members that have and continue volunteer at the Centre by giving their time and passion to the movement of ending sexual violence from our communities.

In the last 43 years we have trained close to 4,000 people that tirelessly keep supporting survivors through out the many programs that we offer and more important their commitment to keep working to end sexual violence against women and children.
